# A POST-A LEVEL ALTERNATIVE TO UNIVERSITY

The Net World Sports Business Internship is a post-A Level alternative to higher education, giving you the opportunity to gain practical work experience across several different departments; from sales to customer services, web development and accounts, or logistics and marketing - we have it all.

If you're toying with the idea of working in a rapidly growing, dynamic company and perhaps you've decided that university isn't quite the right next step for you, this is the perfect choice to help you find your feet.

All of our current managers have progressed through the business, having gained experience in many different areas. Over the last 3 years we've developed a graduate scheme for post-graduate students that's not too dissimilar from this Internship, but now we want to support those that are looking to move away from full-time education.

We understand that university isn't for everyone, it certainly wasn't right for Alex, our CEO. So, we want to find the brightest, most driven students to join and grow with us!

## ABOUT NET WORLD SPORTS

At Net World Sports everything we do is about giving our customers the very best. We're the champions of designing and manufacturing the best quality sporting products. Housing more than 6,000 sporting ranges, 95% of which are own brand, in our single 120,000 square foot warehouse, we strive to deliver our customer's orders in the quickest possible time and at an unbeatable value.

Our relentless dedication to offering the best experience possible means that our customer service is unrivalled. We won't be beaten.

All over the world our products are helping you score better goals, swing better shots and hit better balls. But just like you, we're always pushing ourselves to stay at the top of our game. After all that's what sport is all about.

As a leading international sports equipment provider, our product range covers virtually every sport, from football, baseball, cricket, tennis and golf through to netball, lacrosse, archery and ice hockey. Our ethos is simple; to provide niche products to the mass market as quickly and as efficiently as possible.

We manufacture more than 100,000 of our FORZA Football Goals every year, earning us the moniker as the world's number one football goal supplier.

We have grown rapidly in, what is, a relatively short amount of time.

## WHERE WE BEGAN

Our humble beginnings started in no place other than our CEO, Alex's school playground. Having bought a cricket bat online for £60 he emailed the manufacturers and asked how much it cost to make. They replied saying £6, so he bought 10 directly and began selling them to friends and teachers, inadvertently breaching rules of no sales over £10.

Fast forward a couple of years later and seeing the legs of a potential business, 17-year-old Alex began working seven days a week at a builder's merchants and had soon saved up £13,000. Eager to start selling, he did away with the traditional need for samples and spent it all on an entire container of sports nets.

The risk paid off. By this point Alex was working 24 hours a day aided by his father's support with packaging. In 2009 Net World Sports became a limited company and the rest, they say, is history...

## WHO WE SUPPLY

## OUR BUSINESS INTERNSHIP

Our internship programme runs for 12 months with rotations in four key departments across the business. As one of our interns, you'll get substantial exposure to all aspects of the company and receive all the tools needed to kick off a career in your chosen field at the end of your internship.

### CORE DEPARTMENTS:

- Sales – helping clubs, leagues, schools and Premier League clubs purchase the right products whilst creating repeat business.
- Customer Care – supporting our customers with all areas of their post-purchase journey.

These two areas are crucial to the success of the business. We've found that by starting your journey in Customer Care and Sales you'll hit the ground running as you learn all about our processes, our customers and, most importantly, our products.

### OPTIONAL DEPARTMENTS:

- Product development
- Marketing
- SEO
- PPC
- Logistics
- IT
- Accounts
- Content
- Web Development
- Graphic Design

Once you've completed your time in our core departments, you'll spend time in two further areas of the business for the remainder of your 12 months with us.

Our recruitment team will determine where you fit best based on your CV, your qualifications and the interests you've specified on your application. We'll do our best to accommodate your interests, but interns must be aware that business needs, staffing levels and peak volume seasons may dictate which departments are available at any particular time. Wherever you end up, we guarantee you'll gain a wealth of knowledge.

All placements will be based at our Head Office in Wrexham and will be full time, working 37.5 hours each week. Every day will be different, and you will be faced with different challenges that will require you to manage your workload effectively, but you'll be assigned a mentor in each department who will continue to support you throughout the programme.

### PERKS:

Bike to work scheme

Discounted sports equipment

Free tea, coffee and fruit

Christmas and Summer parties

Charity fundraisers

***“Employers look for passion, commitment, work ethic, with a desire to learn and seize opportunities. Being on the crest of adult life is difficult, but barriers to finding a career that you enjoy can always be overcome. Do what you love doing. You have to do this for the rest of your life, so make sure you enjoy it!”***

Alex Loven  
CEO and Owner

## ELIGIBILITY:

- Graduated from high school in 2020, or due to graduate from high school in 2021.
- Strong academic record, ideally with some prior work experience.
- Eagerness to learn and develop.
- Flexibility, proactiveness and a positive attitude.

## APPLICATION PROCESS:

We like to keep our application process simple and to the point. We want to learn about you, so make sure you include:

- A detailed cover letter covering the following areas:
- Why you want to be a part of Net World Sports
- Why you think you'd be perfect for our team
- Your interests and hobbies
- Which departments you're interested in and why
- Why you are interested in an internship rather than university (or why you're considering both)
- The ever-important CV!

We'll be in touch after the application deadline has closed to set up interviews for candidates that have been shortlisted.

Interviews will take place at our Head Office, in Wrexham, and usually includes a first and second stage.

Send through your full application to [careers@networldsports.com](mailto:careers@networldsports.com), making sure to include all of your contact details so we can get in touch!

Good luck!
